Suggested Commentary

Martinus C de Boer, *Galatians: A Commentary*. New Testament Library. Louisville: Westminster John Knox Press, 2011. Pp. xxxiv+461. ISBN-13 9780664221232. LC BS2685.53 -- .B64 2011eb (cited in this syllabus as de Boer).

The references to de Boer in the "Reading" column below simply point you to the pages of the commentary that relate to the passages discussed on a particular Sunday. I have no expectation about how many people, if any, will use this commentary. It's enrichment for those who wish to use it, not an assignment.

Date	Sunday	Topic	Reading
April 17	Fourth Sunday of Easter	Paul's Gospel	(1:1-10+) 1:11-2:13 de Boer 1-165

I have designed this study to accommodate those who miss some of the classes or cannot participate at all. The hyperlinks on the dates in the table above take you to an MP3 of the class. The links on the topics take you to additional notes and handouts I hope you will find useful.
